

Discipline

Discipline at the school is firm but unobtrusive. The students are made aware of the rules and regulations, and disciplinary action depends on the individual unless the group suffers from a lack of it. Students may smoke if they have permission from their parents.

Dress

There are no special regulations as to dress. The boys must wear jackets and the girls, dresses, at dinner each evening and all day Sunday; otherwise, they may wear simple, practical clothing.

Weekend Passes and Vacations

Occasional weekend passes are granted to students who wish to spend the weekend at home. However, the boys and girls are encouraged to remain on campus most of the time so as to maintain continuity in the activity program. The school observes the usual Thanksgiving, Christmas, and Easter vacations.

Visitors

Parents and friends are welcome on weekends and are especially invited to special activities during the year. However, they are requested to delay their visits until after the fourth week of the term so that the boys and girls can get settled. Parents are also requested to telephone before coming. The student telephones are Lenox 8293, 8419, and 8315 and should be used *only* between 8 a.m. and 9:30 p.m. daily.

Scholarships

Scholarships are granted whenever possible to applicants whose character, intelligence, and personality are such that they would benefit from attending Windsor Mountain. They are, of course, restricted to those who are not otherwise financially able to attend. Additional information may be obtained from the Headmaster.

Admission

Admission to Windsor Mountain is open to all boys and girls in Grades Seven through Twelve, regardless of racial or religious background. Candidates will be considered on presentation of acceptable transfer units and satisfactory references from former schools and non-relatives. A personal interview with the Headmaster is also required. No students are enrolled for the senior year only. Health certificates must be supplied at the opening of the fall term.
